

**“Club Assets” Policy:** Upon the dissolution of a club, the sale, distribution, and/or storage of that club’s assets will be decided by the Club Committee. Any sale of club assets that were not purchased for the expressed purpose of a fundraiser must be approved by the committee. Club Committee members must abstain from decisions involving clubs of which they are an officer. The committee will make decisions by consensus, and will report each decision to the General Assembly. If more than 2 members abstain, or the committee is unable to reach consensus, the decision must be deferred to the General Assembly. All decisions made by the committee may be appealed to the General Assembly by any member of the Student Body.

Approved by the General Assembly 9-26-2005
